

How Do I Begin the Mediation Process?

Inquiries can be made as to the specific situations, and discussed with a program facilitator.

Agricultural Mediation can be requested by either party to a conflict. If an adverse decision is rendered regarding USDA program participation, FSA, RD, and NRCS personnel will likely offer mediation in their letter of determination.

Mediation can be requested any time there is a dispute or conflict between two or more parties.

You may request mediation by contacting the Alabama Agricultural Mediation Program at (800) 642-7761 Ext. 7151 or 334-240-7151.
