CELEBRATING JUNE DAIRY MONTH
HONORING DAIRY'S LEGACY
ACROSS THE USA

LEGAL NOTICE

Pursuant to the provisions of Act #108, approved July 3, 1957, and Act #79-331, the Alabama Peanut Producers Association, Inc. (APPA), has been certified by the Alabama Board of Agriculture and Industries as the authorized association to conduct a referendum among the peanut producers in the State of Alabama to determine whether or not an assessment at the rate of twelve and one-half cents (\$.125) per one hundred pounds shall continue to be collected on all peanuts marketed in Alabama.

Notice is hereby given that the APPA has determined that the referendum will be held on June 24, 2026, during established office hours, 8:00 a.m. - 4:00 p.m. All persons engaged in the production of peanuts for the years 2023, 2024 and 2025 shall be eligible to vote.

To obtain a list of the 2026 polling places, growers can contact the APPA office at 334-792-6482, any APPA Board member or visit www.alpeanuts.com.

That in the event the referendum is carried by a majority of those voting, then the assessment will be collected upon an order of the Commissioner of Agriculture & Industries to all persons, firms and corporations engaged in the business of purchasing peanuts in this state by deducting the aforementioned assessment from the purchase price of peanuts.

That the proceeds from the funds derived from the assessment will be administered by APPA, Inc. and that the funds shall be used for the purpose of financing or contributing toward the financing of programs in research, education, promotion and other methods designed to increase the consumption of peanuts and peanut products, as well as the general well-being of the peanut producers.
