

ALABAMA DEPARTMENT OF
**AGRICULTURE
& INDUSTRIES**

Dear Valued Customer,

We are excited to announce that we are now going to be offering a comprehensive online registration platform! You will be able to complete and maintain your registration for Commercial Fertilizer, Agricultural Lime, Commercial Feed and Commercial Seed, as well as submitting your monthly or quarterly tonnage reports and fees.

Beginning with your 2023 registrations and renewals you will be able to apply for all your permits and licenses, submit your labels, where required, pay your fees, and receive your permits and licenses completely online.

This new platform will give you the ability to change contact information and to add or close locations from your desk so that all information is as current as possible.

We will be sending more detailed information to you as we get closer to the anticipated launch date of October 10, 2022, for the Commercial Fertilizer and Agricultural Lime Registrations and Renewals and January 1, 2023, for Commercial Feed and Commercial Seed Registrations and Renewals.

In the meantime, if you have any questions, please feel free to email us at: audits.reports@agi.alabama.gov.
