ANNUAL SEED PROCESSOR'S PERMIT AND PERMIT FEES

Section 2-26-5 (Excerpt) ALABAMA SEED LAW (c) Persons engaged in the operation of seed cleaning or processing plants, including peanut shellers, seed treaters and corn processors, and persons who purchase seed and process such seed for resale shall be required to obtain a permit as required under this section if such persons clean and/or process or treat seed at their plant, and the annual fee to be paid therefore shall be \$75.00.

History: New Rule: Filed August 16, 2004; effective September 20, 2004.

The State of Alabama allows the sale of International and Domestic Industrial Hemp Seed with a tetrahydrocannabinol (THC) concentration of 0.30% or less based on dry matter and adjusted to measure of uncertainty.

Currently the Alabama Hemp Program requires for purchases from other states within the United States to attach at a minimum the following documents:

- Documentation verifying source as a legal hemp operation in the state of origin.
- Growing season test results indicating the variety, and the name, address, email, and telephone number of both the lab and the seed source.

We strongly encourage Hemp Seed Dealers to either include this information with their seed sales or make it available to the grower upon request as well as including a minimum of 400 extra seeds for regulatory testing.

Domestic Industrial Hemp Seed Dealers are subject to all laws, requirements and penalties of the Alabama Seed Law Code of Alabama Title 2, Chapter 26 and Alabama Administrative Code 80-11-1 and 80-11-2.

**NOTE: OTHER REQUIREMENTS MAY BE NECESSARY AT ADAI'S DIRECTION.
FOR CURRENT STATE LAWS, RULES, APPLICATIONS, AND OTHER INFORMATION
CONCERNING THE HEMP PROGRAM, PLEASE VISIT:**

www.agi.alabama.gov/al/hemp

If you are an Alabama Seed Dealer as well as an Alabama Seed Processor, you must obtain a SEED DEALER PERMIT AND A SEED PROCESSOR'S PERMIT.

**A SEPARATE APPLICATION MUST BE SUBMITTED
FOR EACH PLACE OF BUSINESS.**
